In addition to taking advantage of traditional summertime camping, picnicking, fishing and sports amenities; patrons can enjoy excellent bird watching during the spring and fall migrations due to the extraordinary variety of bird life that passes along the lakeshore. LONG POINT STATE PARK ON LAKE CHAUTAUQUA
4459 Rte 430 Bemus Point, NY 14712
(716) 386-2722

Park Overview:

Long Point, which juts peninsula-like onto Lake Chautauqua, is one of the moraines left long ago by a retreating glacier. The park and marina comprise a day-use area with thickly wooded areas of beech, maple, spruce, poplar and oak. The park's boat launch is the most modern on Lake Chautauqua, which at 1, 308 feet above sea level, is one of the highest navigable bodies of water in North America. The lake has a plentiful supply of bass, perch, pike and other types of fish, but fishermen come to Chautauqua to fish for Muskellunge, or muskie, which are native to the lake, noted for their size, often more than 20 inches long, and their "fight". In winter, visitors can cross-country ski, snowmobile or ice fish.

MIDWAY STATE PARK
4859 Route 430 Bemus Point, NY 14712
(716) 386-3165

Park Overview:

Located on the shores of beautiful Chautauqua Lake, Midway State Park is a family treasure. Originally established in 1898 as a trolley park, Midway State Park is one of the oldest continually operating amusement parks in the nation. Patrons can take a nostalgic ride on the vintage carousel, play a game of mini golf, take a spin on the tilt-a-whirl, ride the go-karts and bumper boats or watch their children enjoy themselves on the many kiddie rides. And, while some may prefer to relax while enjoying an old fashioned candy apple or cotton candy, others can test their skills at classic midway games. Acccessible by the waters of Chautauqua Lake, Midway is also a great place for fishing and free docking is offered for day visitors.
